Re: Majestic Marquees

I am only too pleased to acknowledge our excellent relationship with Majestic Marquees that goes back over the last five years. Annually they have been contracted to erect the Sony Corporate Christmas Party marquee (25m x 40m) in December, and again in Spring they also supply our Financial Year End Award Ceremony marquee (40m x 60m) here at our Weybridge Headquarters. Majestic Marquees have also supplied smaller builds at our distribution site in Thatcham.

Our event briefs are demanding in terms of ambience, interior design and of course health and safety. Majestic Marquees have never failed to meet our exacting criteria with speed, efficiency and a practical understanding of the clients needs.

Their first class structures are a major component of our event calendar strategy and deliver a unique and stylish setting for our corporate events.

I therefore have no hesitation in recommending Majestic Marquees.

Yours sincerely,

Jerry Parker
Divisional Director
